To whom it may concern,

Thank you for your questions relating to the care and handling of chickens.

Animal care is very important to [company name] and a responsibility that we take very seriously.

All of the chicken products used by [company name] are sourced from broiler chicken raised in Canada.

With respect to the care and handling of chickens, Canadian chicken farmers implement a national, auditable and enforced Animal Care Program. This program covers issues of feed and water availability, density, litter management, health care practices, bird monitoring and environmental conditions among other areas. Chicken Farmers of Canada's Animal Care Program is science-based and is developed in conjunction with the National Farm Animal Care Council.

Please find attached a Statement on Animal Care from Chicken Farmers of Canada. Additional information about this program and the care of chickens raised in Canada can be found by contacting Chicken Farmers of Canada directly www.chicken.ca.

Sincerely,
